## Country programme plan for Guam

(June 2016 update)

The following table lists key work areas that SPC is undertaking in 2016 in cooperation with Guam. The country-specific work listed here complements other SPC work undertaken at a regional level to benefit the people of Guam and achieve its national development priorities. SPC's key regional work is presented in the Pacific Community Results Report.

SPC expected contribution to national development goals			
Expected long term result (impact)	Expected medium term result (outcome)	Status	Outputs taking place or expected to commence this year
<b>National Level Work</b>			
<i>Pacific Island people reach their potential and lead long and healthy lives</i>			
<b>Public Health</b>			
Improved health and well-being of Pacific communities	PICTs have access to high-quality information and evidence to inform policy and the delivery of core public health functions	Ongoing	Provided technical support to the Pacific Public Health Surveillance Network / LABNET building L2 laboratory at Guam Public Health Laboratory (GPHL) in collaboration with the Pacific Island Health Officers Association and GPHL
		On Track	Technical assistance provided to strengthen epidemiology capacity in preparation for 2016 Festival of Pacific Arts
<i>The Pacific region and its people benefit from inclusive and sustainable economic growth</i>			
<b>Land resources</b>			
Increased contribution from agriculture and forestry sectors to inclusive broad based economic growth	Increased capacity of PICTs to meet standards, guidelines and conditions for exports and domestic trade	On Track	Capacity building support rendered to Northern Pacific countries on the establishment of the Micronesia biosecurity plans; training provided
<b>Statistics for Development</b>			
Pacific national and regional statistics are accessible and are being utilised	PICTs have the technical capacity to manage and implement all core statistical collections, including key administrative databases, as required by national development plans, including national strategies for the development of statistics	On Track	Rebased consumer price indices; compilation manual produced
