2017 Population and Housing Census *Infographics Release*

This Infographics release aims to meet the objective of increasing awareness and understanding of statistics that has been produced from information gathered during the Census exercise. It therefore provides visual representations of Census information and is intended to allow users to easily digest information through the use of visual data, charts, and statistics. The dissemination of information using infographics provides an ideal mix of design that is visually compelling whilst at the same time communicating complex data in a manner that is easy to understand.

The information sheets in this release was designed and produced with Technical Assistance from UNFPA in collaboration with Professional Staff of FBoS. The following outputs are presented;

- i. Population by Gender by Tikina
- ii. Population 3 years and above with at least one disability by Division
- iii. Number of Businesses and Households by Division
- iv. Location of Resigtered Businesses by Industries
- v. Economic Activity by Division
- vi. Educational Attainment by Division
- vii. Informal Housing by Division

Information from the 2017 Population and Housing Census will be released progressively in the coming months.
